In addition to lifting up others through in-person keynote and motivational speeches, she reaches an expanded audience through her Amazon Prime Special called The Magic in Change on the series Speak UP. Beyond sharing her own stories, Meredith has dedicated her life to helping others share theirs. Meredith started The Meredith TV Talk Show, which debuted on NBC in 2015, to give others a platform to grow their businesses and gain visibility. The show airs online all over the world on YouTube, Roku, Apple+TV, The Motivation & Success TV Network, and Amazon Fire TV. Meredith became hooked on helping people with marketing after she was contracted to help her first client, a doctor, save lives in a Colon Cancer Awareness Campaign. The results were so rapid that her client raised his revenue from 1.2 million to 2.6 million dollars in just nine months. From that moment on, Meredith has enjoyed using her talent for charity and has raised capital during live TV fundraisers for The Make-a-Wish Foundation and Muscular Dystrophy Association.
